

**Jim** is recovering from COVID and would like our prayers. Let's pray for strength and healing.

**Lynda and her husband** are getting their strength back from their bout with COVID so let's praise God and keep holding them up. Also continue to pray for the new things God is bringing into Lynda's art time.

**Suzi & Kim** are running another refreshing creative retreat this summer. Please pray for them as they bless others with their creativity.

**Suzi** Let's persist in prayer for the freshness God is bringing to Suzi's art and that there is a great blessing upon her as she works and plays with art.

**Janet** is seeing people experience how God speaks to their hearts through creativity in her studio class. Let's continue to bless her with God's grace, leading and anointing in all her new ministry adventures.

**Chris** is scheduling her hip surgery, so let's keep her in prayer. Also that the Lord would strengthen and uplift her.

**Julia's** is still working with her two sisters to finish her mom's house. She needs our prayers of grace and peace during this trying time. Her sisters don't know the Lord, so we can continue to pray for them as well.

**Emma and Jonathan** are experiencing ongoing challenges within their church. Please pray for God's grace and blessings.

**Joyce** still has challenges with the many things needed to be completed during her home construction and would like us to continue to pray that all will go well. She misses painting as she's working on the building project.

**Glenda** is in Australia visiting family and asked if we would pray for healing for her shoulder. She's also being led by the Lord into some new areas as an artist and she would like us to pray for this new development.

**Sarah's** poetry group meets monthly so let's pray for the Lord's leading, guiding and presence in these meetings. And for each writer to walk into the fullness of their creative call.

**Belinda** (that would be me) is still struggling with distractions and direction in her work and art life. Please pray for God's wisdom and grace on her adventures.

There are a number of A-Rising people as well as believers all around us suffering from physical sickness. Let's pray for God's healing for the body of Christ.

For each of the A-Rising Members and their families we can pray protection, grace, mercy and encouragement and that each one would see the fulness of God's design in their creative call.
