

**Lynda** is preparing to co-lead a retreat with the North Umbria Community. We can pray for her and her co-host and for all those The Lord will touch during this time. Also for Lynda's health and strength as she prepares.

**Suzi & Kim** are running another refreshing creative retreat this summer. Please pray for them as they bless others with their creativity.

**Suzi** Let's persist in prayer for the freshness God is bringing to Suzi's art and that there is a great blessing upon her as she works and plays with art.

**Janet** is back from vacation and continuing her studio class on God and making creative works. Let's continue to bless her with God's grace, leading and anointing in her ministry adventures.

**Chris** has hip surgery next week, so let's keep her in prayer. Also that the Lord would strengthen and heal her quickly.

**Julia's** mom passed away peacefully with Julia at her side this week. We're praying for her and her sisters. We're also asking God for grace and strength and a supernatural anointing to finish their mom's house to be ready for renters by next week. She said there is still quite a bit left to do.

**Pip's** husband has recovered from his surgery and resumed immunotherapy treatment. Pip is recovering from COVID so let's continue to pray for God's health and healing. Pip is also leading an art workshop Tuesday evening focused on the mental health good habit of curiosity. Bless her creative adventure and those attending with God's presence and goodness.

**Gill** is off on a 6-day trip to the Pyrenees with two other Christian sisters so let's keep them covered with God's traveling blessings.

**Emma and Jonathan** are experiencing transition within their church. Please pray for God's grace and blessings on His new leadership.

**Joyce's** house is on the property now but there are still many things to be finished. She would like us to continue to pray that all will go well.

**Glenda** is still in Australia visiting family so we're asking for family and traveling blessings for them all. Let's also pray for the new direction God is taking her with her art.

**Sarah** has fractured her little toe in a couple of places and will be on crutches for awhile. Let's pray for her and all the moving parts in her life during this challenging time.

There are a number of A-Rising people as well as believers all around us suffering with physical challenges. Let's pray for God's healing for the body of Christ.

For each of the A-Rising Members and their families we can pray protection for their spirits and souls and that each one would see the fulness of God's design in their creative call.
